2020 PRODUCT CATALOG

BRAND STATEMENT

Your home – it's where you create, discover, obsess, love, play and experience. From the outside, it's four walls and roof. But on the inside, it's the world you live in and we are here to protect it.

Kwikset

Made for the world you live in.™

KWIKSET

**Select Kwikset® products
feature Microban®
Antimicrobial Protection.**

Bacteria can double every 20 minutes on unprotected surfaces, but Kwikset Door Hardware with Microban product protection works to continuously fight off microbes.

Benefits of Kwikset® Door Hardware with Microban® Technology

- Door hardware is 99.9% cleaner than knobs without Microban.
- The antimicrobial coating last for the lifetime of the hardware finish, so you can worry less and feel more secure in your home.
- No need to clean door hardware - 24/7 Antimicrobial protection.
- Kwikset with Microban product protection is effective against a broad spectrum of bacteria.

SMARTKEY SECURITY™

SUPERIOR SECURITY

Kwikset's patented SmartKey Security protects against advanced break-in techniques.

**BUMP
PROOF**

**PICK
RESISTANT**

SECURITY MADE CONVENIENT

SmartKey Security allows you to re-key your lock yourself in seconds.

Reasons to re-key

Loaned or unreturned keys

Your child has lost their key, again

Recently moved, tenant turnover

You have a different key for each door

How to Re-Key:

Make sure you have your current key and SmartKey tool

 Current Key

 SmartKey Tool

 New Key

1 Insert current key & rotate 90° CW.

2 **(A)** Fully insert the SmartKey tool.
(B) Remove tool & current key.

3 **(A)** Fully insert new key & rotate 180°.
(B) Rotate back to the starting position, & remove key. Your lock is now re-keyed!

WI-FI

HALO
DEADBOLT

Halo smart locks will connect directly to your existing Wi-Fi router and smartphone to create a simple and secure smart home, without a third-party hub, panel or subscription service. Through the Kwikset app, remotely monitor and control your Halo smart locks from anywhere in the world, while connected to the Internet.

All you need is a Wi-Fi router + smart phone + this smart lock. It's a simple way to get smart lock security and a smart home, using what you already have.

BLUETOOTH

Kwikset offers a variety of smart locks that work with a smart phone via Bluetooth®. Aura is a convenient upgrade to your door hardware with simple smart lock programming functions accessible on your mobile phone, using the Kwikset App. Kevo Touch-to-Open™ smart lock allows you to open your door with just a touch of your finger. With Premis smart lock featuring Apple HomeKit™ technology, you can unlock and lock the door using Siri® for an easy, secure way to control your home security from an iPhone®, iPad® or iPod Touch®. All of Kwikset's Bluetooth smart locks provide the best in quality, security and convenience, making us the forefront of door lock innovations.

Within Bluetooth Range from your smart phone:

- Lock and unlock the door
- Assign customizable codes or eKeys*
- Schedule when users have access to your home
- Track all lock activity

*Access type is dependent on which smart lock

KEYLESS ENTRY

Kwikset's electronic door locks offer users the convenience of keyless entry, virtually eliminating the need for keys. All of our electronic locks are easy to install and program, while complementing any Kwikset knob, lever or handleset.

A key-free lifestyle means no more fumbling for keys, losing keys or lockouts. With customizable user codes, homeowners can enter their home with just a simple push of a few buttons. Homeowners also gain more control over who has access to their home. Best of all, Kwikset electronic locks can store multiple user codes.

Signature Series

CONTEMPORARY

PISMO
KNOB

Kwikset's Signature Series contemporary products offer a modern aesthetic that reflects today's most cutting edge decor.

Inspired by city skylines and minimalist design, our contemporary products offer sleek contours and fresh finishes. And while the design aesthetic is distinctly modern, it has the ability to blend with nearly any decorative style, whether traditional, transitional or contemporary. With the diversity of square or round roses, our knobs and levers add a level of sophistication and elegance to nearly any residential setting.

Signature Series

TRADITIONAL

TUSTIN
LEVER

Kwikset's Signature Series traditional products offer a more conventional appeal. Inspired by the traditional lines of time-honored American design, our product designers have pulled elements from colonial, craftsman and rustic styles across the country.

While noting decorative elements from the past, Kwikset's traditional products aim to maintain a casual, transitional feel. As a result, the hardware can be used in almost any setting, while still evoking a warm reflection of time-honored design.

ALISO
KNOB

Kwikset's foundation is in its core line of products, offering an economical, entry level option to that of Signature Series.

A full line of residential door lock products, the Kwikset line offers an affordable option for those entering the market or anyone looking for a lower cost alternative. Based on transitional elements, the Kwikset line provides standard designs that fit into any residential setting, all while maintaining Kwikset's high standards for quality and security.
